## SUMMARY

---

Recent Computer Programming graduate with hands-on experience in developing scalable web applications and backend systems. Proficient in Node.js, MongoDB, TypeScript, JavaScript, React, and frontend technologies, with a focus on creating efficient and user-friendly solutions.

## PROJECT EXPERIENCE

---

### Vidly

#### Developer

- Developed a movie rental system using Node.js, Express, and MongoDB with JWT-based authentication and role-based access control.
- Utilized Mongoose transactions to ensure data consistency while handling rentals and payments.
- Implemented a RESTful API with validation using Joi, improving the robustness of request handling.
- Applied Test-Driven Development (TDD) principles using Jest to improve code reliability and maintainability.

### The Hiring Hub

#### Lead Developer

- Built a recruitment platform using Node.js and MongoDB, streamlining talent acquisition for community sponsored project.
- Designed user-friendly dashboards for HR teams and candidates, enabling efficient job postings, application tracking, and automated onboarding.
- Integrated shortlisting features, reducing manual effort in candidate selection. Collaborated on performance tracking and job sourcing features using RESTful APIs.

### Nepal - Real Heaven

#### Lead Developer

- Built a fully responsive tourism website using HTML, CSS, and JavaScript with a minimalist UI design, optimizing load times and performance.
- Showcased Nepal's landscapes using SEO-optimized media elements, increasing website traffic and engagement.
- Deployed the website on Netlify, ensuring accessibility across devices.

## SKILLS

---

**Frontend:** React, React Query, TypeScript, JavaScript, HTML, CSS, Chakra UI, Milligram, Bootstrap

**Backend:** Node.js, Express, RESTful APIs, JWT Authentication

**Database:** MongoDB, Mongoose, SQL

**Other:** Git, GitHub, Jest, Unit Testing, Integration Testing, Test Driven Development,, Object-Oriented Programming, Problem Solving, Optimization Techniques

## EDUCATION

---

### Niagara College Toronto

Diploma in Computer Programming

Toronto, Ontario

Graduation Date: Dec 2024

## CERTIFICATES

---

### Code with Mosh:

*The Complete Node.js Course, The Ultimate TypeScript Course, The Ultimate Git Course, React 18: Beginners & Intermediate Topics, Ultimate JavaScript: Fundamentals and Advanced Topics, The Ultimate HTML & CSS Series*
